

Otsego Area Historical Society  
Memorial Brick Pavers

This is an index and location plot of the over 600 individually inscribed brick pavers that have been installed in the sidewalk in front of the OAHS museum at 218 North Farmer Street, Otsego, MI. The brick pavers were purchased by individuals in tribute to family members, ancestors, anniversaries, high school classes, and current and former local businesses.

The brick pavers are arranged in 4 panels, each containing 6 columns, and several rows of a mix of 4”X 8” and 8”X 8” bricks. For locating purposes, the 4 panels are identified as West, Middle, East and South-L.
